

Why *PaceSaver* American Made Scooters Are Best

Consumer Financing Available

Mirror Glaze™ Looks Better Longer

Rich “**Depth of Color**” reflective finish.
Deep **clear coat** hardened acrylic layer (not paint).
Scratch Guard™ finish for superior scratch and nick resistance.

Mirror Glaze™ Durable Color

Color throughout ABS substrate.
Won't chip, peel or fade.
Superior impact resistance (not fragile styrene).
Easy maintenance - never repaint or touch up.

PaceSaver Extra Degree of Protection

Incline stability rating 12 degrees or 22% Resna Dynamic Rated.
Three times **greater stability** than many competitive scooters.
A **confident** ride indoor and out.

Many Seating Options

2 **velvet** colors (for comfort).
2 **vinyl** colors for hygiene.
Deluxe Com-For-Back™ **contour/high back** seat standard.
Reclining **Admirals** seat up to 30 degrees.
Adjustable adult and pediatric **rehab** seat.
Push-A-Switch™ power elevating seat.
Sliding adjustable seat.
Many **custom** size and function options available.

Superior Digital Electronics

Push Too Fast™ protection prevents runaways.
Power Boost™ technology for a smooth ride over varying surfaces.
Audio-visual indicators provide status and **diagnostic** information.
Battery saver power maintenance for greater mileage.
EMI 20 V/M shielding protection against uncontrolled movement.
Industry's most powerful 110 amp. controller standard.

Real Transportability

Quick and **easy** single pull pin separation (patented).
Separates into small **lightweight** pieces.
Fits into most car trunks.

American Made Motor and Transaxle

Long term **power, reliability, strength** and **efficiency**.
State-of-the-art **regenerative dynamic disk braking**.
Industry's longest warranty.

Double Layer Moisture Protection

Sealed throttle housing.
Metal **encased** controller and wires for moisture **protection**.
Reliable moisture sealed throttle board.
VA & CE **moisture tested**.
Controller **isolated** from moisture.
Snag Guard™ throttle protection.
